

# Q Series

The Next Generation of Freight Elevator Doors

## Auto Sta-Set Switch

The "Q" Style Auto Sta-Set Switch prevents lower door panels from being damaged when a heavy weight passes over the freight elevator entry. When activated, the Auto Sta-Set Switch holds the lower door panel in the full open position and at rest.

**Dust, oil and moisture resistant.** Commercially available NEMA 4, 12 & 13 contact is standard.

**Adjusts quickly and stays adjusted.** The Auto Sta-Set Switch is activated by a fixed cam on the lower door panel.

**Rugged.** Heavy-duty design guarantees years of trouble free operation.

**Readily Available.** Utilizes commercially available contact.

Call Courion today for more information regarding Courion's new "Q" Style Auto Sta-Set Switch
