

# Q Series

*The Next Generation of Freight Elevator Doors*

## Geared Limit Switch

Ready to replace that old rotary gate limit switch? We have your answer - introducing the new "Q" Styled Geared Limit Switch by Courion.

**Fast, Easy Installation.** The "Q" Styled Gate Limit Switch mounts as a single piece on top of the Courion gate column. Two pre-drilled mounting holes are provided.

**Dust, Oil and Moisture Resistant.** Commercially available NEMA 4, 12 & 13 contact is standard.

**Adjusts Quickly and Stays Adjusted.** All adjustments to the cams and contact can be easily made from the top of the car enclosure.

**Well designed.** Steel to steel and delrin to delrin gearing - no more traveling nuts or micro switches.

Call Courion today for more information regarding Courion's new "Q" Styled Geared Limit Switch.
